## **Hours:**

2:45 to 5:45 PM  
Monday, Tuesday,  
Wednesday, Thursday

6:00 to 7:00 PM  
Tuesday

3:00 to 4:45 PM  
Saturday

## Lab Open to Community Center programs

The lab is open to the High school and Middle School students doing homework twice a week. See Schedule on the back of this newsletter. Kids Place Students will use the lab on Monday and Tuesday. The Park staff will be working with the students on homework and recreational activities.

## Welcome SeaMar Americorp

In a special Program to strengthen computer and health literacy South Park and SeaMar will share an Americorp staff person throughout this school year. Look for an update in next month's newsletter. Welcome Jenny Meyburg, Americorp Intern.

## HS students join the Lab Advisory Committee

Three high school students from Cleveland, West Seattle and Nova have stepped forward to advance the lab in serving computer literate gamers. Their first activity was on Saturday September 20th. Under the direction of Reuel, a Boeing Network administrator and Renton Tech Instructor the teens identified a hardware problem.

## Teachers Join Lab Advisory Board

Roberta Lindeman and Delfino Munoz are members of the South Park Computer Lab Advisory Board. They have attended September and October's monthly meetings. Students from Projecto Saber are encouraged to use the lab for homework, community service hours and special project credit.

## Volunteer welcome

If you are interested in meeting once a month in order to advise the Computer lab please leave a message at the front desk for the advisory committee or send an email to Ken Burns at [kenstu07@yahoo.com](mailto:kenstu07@yahoo.com) to join our listserve.
